**NEW NOTE COMPLETE.**  
It Goes Forward to Berlin Today.

**Further Violation of Our Rights at Sea Regarded Unfriendly.**

**Wilson Offers His Services as an Intermediary for a Modus Vivendi.**

**But "No Surrender of Our Position," is Final Phrase to the Kaiser.**

**WASHINGTON, July 21.**—President Wilson and Secretary Lansing, conferring at the White House tonight, completed the new note to Germany warning her that the repetition of a disaster such as that visited upon the Lusitania, or any violation of American rights on the high seas resulting in loss of American lives will be regarded as "unfriendly." It will be dispatched tomorrow.

**THE NOTE IS IN THE NATURE OF A final statement by the United States of the interpretation that will be placed by this government on future transgressions of American rights, and repeats that the American government will leave nothing undone to stand by the position it has previously declared.**

**Among the points of the new note are: (1.) The assumption by the United States that Germany, by declaring her submarine warfare to be a retaliatory measure against the alleged unlawful acts of her enemies, has admitted that the destruction of unreluctant merchantmen without warning is illegal.**

**(2.) German submarine commanders who have proved that they can save the passengers and crews of vessels and can act in conformity with the laws of humanity in making war on enemy ships.**

**(3.) The United States cannot allow the relations between the belligerents to operate on a basis of an abbreviation of the rights of neutrals and therefore any violation of the principles for which the American government contends, resulting in a loss of American lives will be viewed as "unfriendly."**

**(4.) The representations which the American government has made in previous notes for disavowal of the intention to sink the Lusitania with American aboard and the request for reparation are reiterated with renewed insistence.**

**(5.) The American government realizes the unusual and abnormal conditions which the present conflict has created in the conduct of maritime war and is willing to act as an intermediary as between the belligerents to arrange a modus vivendi or any other temporary arrangements which do not involve a surrender by the United States of its rights.**

**(6.) The proposals made by Germany to give immunity to American ships not carrying contraband and to four belligerent ships under the American flag are rejected with the emphatic assertion that to accept such suggestion would be to admit that many's right to set aside the American contention based on fundamental principles in international law—that neutrals may travel anywhere on the high seas on unrelucting ships of any nationality even if carrying contraband.**

**LENGTH OF THE NOTE.**  
The note is about 1200 words long. While nowhere in it is there any direct intimation of the course which the United States will pursue in the event of another disaster similar to the Lusitania tragedy, there are emphatic statements throughout the communication pointing out that the discussion of the principles involved has been virtually concluded and that future conduct of German submarine warfare will be determined by the responsibility for the friendly relations between the two countries.

**The statement that future transgression will be regarded as "unfriendly" is taken in diplomatic usage to preclude a break of friendly relations unless reparation and desavowal are forthcoming. President Wilson, it is understood, has considered fully and at length the construction which may be placed on the implications of the note and is prepared to deal with any new situation that may arise. He is hopeful and confident, however, it is said, that Germany having already modified to a great extent the practice of her submarine commanders will now take such precautions as seem necessary to prevent any action that would endanger friendly relations with the United States. From 6 o'clock this morning until late tonight the President with the exception of a few hours spent in recreation was at work on a copy of the note. Secretary Lansing had drafted it, worked on the original and took it to the President tonight.**

**With several changes, The President agreed with Mr. Lansing's suggestions and tomorrow the document will be finally revised in phrasing before starting on its way to Berlin.**

**GERMAN ARMY  
PUSHES AHEAD.**

String of Victories Grows  
in the East and West.

Russians Steadily Give Way  
Before the Landwehr.

Important Position is Taken  
South of Ivangorod.

(BY ATLANTIC CABLE AND A. P.)  
BERLIN (via London) July 21.—The German army headquarters staff today gave out the following statement:

"In the western theater:

"In the Eastern Argonne: Our troops stormed additional French trenches, taking five officers and 355 men, and capturing one machine gun.

"In the Vosges: In the neighborhood of Muenster vigorous fighting took place. The French several times attacked our position between Lagny and Muenster and were repulsed. In some places the enemy penetrated our positions and had to be driven out in bitter hand-to-hand fighting.

"Southwest of Reims-Ackerkopf the enemy still occupies part of our trenches. Day and night frontal attacks were made on our adjoining positions up to Dieulouart. Hillenfirst lay under a hotly hostile fire. We captured four officers and about 120 men, mostly Alpine troops.

"A German airplane compelled a French airplane to descend near Bapaume. The airplane fell into our hands undamaged.

"Colmar was bombarded by an enemy airplane. Ten bombs fell on the houses and into the streets. One civilian was killed and a woman gassed.

"In the eastern theater:

"To the east of Popelany-Kurtchany the enemy is withdrawing before our advancing troops. To the west of Shavli the last hostile entrenchment has been stormed and occupied and the pursuit continues eastward.

"On the Dubysa, east of Rossieny, a German attack broke through the Russian line. Here, too, the enemy is falling back.

"South of the road of Mariampol-Kovno we attacked and captured the village of Kletsk. The Russian troops in three Russian positions lying one behind the other were captured.

"Likewise attacks by our landwehr against positions held by the enemy north of Novgorod (on the Narva) were completely successful. The Russians retreated, leaving 2000 prisoners and two machine guns in our hands.

"Farther south on the Narva River a strong outwork at Rosan was stormed. We took 200 prisoners and captured three machine guns.

"The enemy endeavored to offer obstinate resistance on the Narva. His desperate counterattacks with hastily gathered troops on the bridgehead position of Rosan Pultusk and Novogorodsk failed. The Russian losses were heavy. We took a thousand prisoners.

"The Blonie-Groze position offered the enemy only brief respite. Under the compulsion of our troops who had been reinforced from all sides the Russians began to give up their fortified positions to the west of Groze and to retire to the eastward.

"In the southeastern theater:

"German troops, under Gen. von Woytowich, yesterday reached the advanced bridgehead positions south of Ivangorod. An immediate attack brought them into possession of a hostile line near Wladawow. Fighting continues for the adjoining positions.

"Between the Vistula and Bug rivers the enemy again has opposed Field Marshal von Mackensen's army. Despite stubborn resistance Austro-Hungarian troops near Skrzyniec, Nedzwica and Mala, southwest of Lublin, the German detachments southeast and north of Krasnostava, have entered hostile positions. The attack is progressing.

**IM A PATRIOT,

**FORMER FRENCH PREMIER DENIES HE EVER FAVORED  
PEACE WITH GERMANY.**

(BY ATLANTIC CABLE AND A. P.)  
PARIS, July 21.—Joseph Caillaux, former premier, who has been the target of several attacks since the beginning of the war, made a statement today in his own defense. He declared untrue newspaper articles attributing to him the statement that France should have made peace with Germany after the battle of Charleroi.

"I am as much a patriot as any citizen of France," M. Caillaux declared, "and nothing could be more fantastic than the declaration printed as coming from me. I declare categorically that every article reporting me in the role of negotiator of peace between Germany and France is groundless."

**GERMAN SHIP  
SUNK BY HORTEN.**

(BY ATLANTIC CABLE AND A. P.)  
LONDON, July 21.—To Commander Max Horten falls the credit of having sunk the German battleship which was torpedoed in the Baltic on July 2 by a British submarine, Thomas McNamara, financial secretary of the Admiralty, informed the House of Commons today that a communication to this effect had been received from the Russian government. The German battleship which was sunk is believed to have been the Pomern.

**CHILE REJECTS  
FRENCH CLAIM.**

(BY PACIFIC CABLE)  
SANTIAGO (Chile) July 21.—The French government has presented a claim to the Chile government for the French bark Valentine, which was sunk last November by the Germans within the territorial waters of Chile. Chile has rejected the claim, declaring that she has kept her neutrality.

The Valentine was sent to the bottom by a German cruiser half a mile off the island of Maas a Fuera, one of the Juan Fernandez islands in the Pacific belonging to Chile. The French Legation at Santiago lodged a protest with the Chilean government at the time of the sinking of the bark.

MISS JANE ADDAMS TELLS THE  
PRESIDENT OF HER VIEWS  
OF SITUATION.

(BY A. P. DAY WIRE)  
WASHINGTON, July 21.—President Wilson was told today by Miss Jane Addams, representing the Women's Peace Conference which recently met at The Hague, that she saw no possibility for peace in Europe in the immediate future.

Accompanied by Miss Lillian D. Wald of New York, Miss Addams spent more than an hour with the President and gave him a detailed account of confidential talks she had with high officials in Europe. Afterwards, she said, she had not tried to interpret the views of those officials but had sought to give the President an inside view of the European situation as she had found it.

FREDERIC COUDERT TO LEAVE  
FOR FRANCE.

(BY A. P. NIGHT WIRE)  
WASHINGTON, July 21.—Frederic Coudert, counsel for the British and French Embassies, conferred at the State Department today with Chandler Anderson, special counsel for the department, regarding certain points of law involved in the detention of various American ships and cargoes in allied ports.

Mr. Coudert is about to leave for France and it is believed that one of the results of his conference will be prompt disposition by the French government of the case of the American steamer Dacia, with her cotton cargo for Germany which has been held at Brest for many months past.

The Dacia formerly was a Hamburg-American liner and her transfer from German registry is questioned. She is the only American vessel detained in France.

Sir Cecil Spring-Rice, British Ambassador, talked today with Mr. Anderson about the cases of American packers pending before British prize courts. The Ambassador also saw Secretary Lansing, who later reiterated his statement that the British Embassy had made no complaint to the department regarding strikes in American plants producing munitions for the allies.

**JAPS REBUFF  
GREAT BRITAIN.**

WILL NOT CURTAIL THEIR TRADE  
IN THE FAR EAST.

(A. P. FOREIGN CORRESPONDENCE)  
TOKYO, July 21.—Japan has informed Great Britain that she is unable to accede to Great Britain's request to announce a prohibition of trading in the Far East with citizens of hostile nations. The British government recently gazetted a regulation prohibiting trading with nationals of Germany and Austria in China, Siam and Persia.

Great Britain had been waiting for assurance that Japan would adopt similar measures. However, the Japanese government, after consulting leading business men, decided it could not join the movement, chiefly for the reason that the law of Japan does not permit the enforcement of such a measure.

The government is understood to have pointed out that, in effect, there is no trading between Japanese and representatives of hostile countries in the Far East. Japan's merchants are believed to have opposed the British project on the ground that it would harm the business interests of the empire.

**Noted Girl Heiress Weds Next Week.**

Howard Spaulding and Miss Catherine Barker, his fiancée.

With \$20,000,000 in her own right, an income of nearly \$2,000,000 a year, and a wealth in girlish ambitions and spirit, Miss Catherine Barker, daughter of the late John H. Barker of Michigan City, Ind., of the great Haskell-Barker freight car building concern, will be married on Saturday, July 21, to Howard Spaulding, Jr., of Chicago, at Harbor Point, Mich.

The wedding will be a private affair, with only a few guests. The bride is a member of the Millionaires from Chicago, Cincinnati, Louisville and St. Louis come every year. Miss Barker is reputed to be the wealthiest nineteen-year-old girl in the world. Howard Spaulding, Jr., is the son of Howard H. Spaulding, a Chicago jeweler. He is active in athletic sports. He finished at Yale a year ago, and since then has been an official in the Haskell-Barker Company, all of the stock of which his bride-to-be owns.

**OCCUPATION OF NACO  
IS PROTESTED BY VILLA.**

State Department is Informed Action of Carranza  
Troops is Flagrant Violation of Agreement with Gen.  
Scott and Renewal of Fighting with Danger to American  
Lives is Likely to be Result.

(BY A. P. NIGHT WIRE)  
WASHINGTON (D. C.) July 21.—Occupation of the Mexican side of the town of Naco, on the Mexico-Arizona border, by Carranza forces was brought to the attention of the State Department today by Secretary of War Garrison with the recommendation that the Carranza commander be requested to withdraw in accord with the agreement entered into last winter that there should be no fighting there. No action had been taken tonight by the State Department, Secretary Lansing said. He was conferring for its position recommendations, reports from consular agents on the border and a report against the taking of Naco from Enrique C. Lorente, Gen. Villa's agent here.

The international boundary runs through Naco and when the Mexican factions were contending for its possession bullets and shells were constantly falling on the American side.

**MORE FIGHTING FEARED.**  
Secretary Garrison regards the present occupation as a violation of the agreement, likely to lead to renewed fighting and endangering of American lives.

In his protest to Secretary Lansing today the Villa agent declared that only the absence of Maytorena troops from Northern Sonora to protect Americans in the territory had made possible the taking of Naco and the killing of civilian guards and customs employees.

The situation at Mexico City and surrounding territory continued today to arouse apprehension. In official quarters here, no direct word having been received from the capital since reports yesterday that Zapata's forces were evacuating the city under Gen. Gonzalez. There is no official information about Gen. Gonzalez's whereabouts. He is believed to have moved northward to meet.

**FROM VERA CRUZ.**  
The Navy Department received the following dispatch tonight from Commander McNamara of the cruiser Sacramento at Vera Cruz:

"Communication with Mexico City interrupted. Carranza forces moving toward Pachuca. Mexico City reported occupied by Carranza forces. A dispatch to Gen. Carranza's agency in Washington from Vera Cruz tonight reviewed the situation as follows:

**RIOTERS CLASH  
WITH POLICE.**

One Man is Killed and a  
Hundred are Wounded.

Professional Agitators Cause  
Trouble at Bayonne.

Strikers Refuse Arbitration  
Offer of Company.

(BY A. P. NIGHT WIRE)  
NEW YORK, July 21.—Quiet prevailed tonight at the Bayonne plant of the Standard Oil Company of New Jersey, where earlier in the day a riot between police and strikers resulted in the death of one striker and the injury of a police inspector, four patrolmen and nearly 100 strikers. The only excitement tonight was the discovery of four small fires within the plant which broke out almost simultaneously but were easily controlled.

The strikers late today rejected an ultimatum from the company that their proposals would be considered providing they returned to work tomorrow morning. Sheriff Eugene Kinkead who succeeded in pacifying the strikers, arranged a conference between a strikers' committee and company officials for tomorrow.

Of the eleven special deputies whose presence was to the disorder, six were taken to the Hudson County Jail in Jersey City.

Sheriff Kinkead said tonight that he would not permit any guards outside the Standard Oil plant. He said he was able to handle the situation and did not need State militia. Mayor Pierre Garvan of Bayonne, earlier in the day had asked the Governor of New Jersey for troops.

In the rioting John Stovancsek, aged 17, a laborer of Bayonne, received pistol wounds and died while being hurried to a hospital. None of the injured were seriously hurt.

Daniel Cady's horse was shot from under him and he was struck by flying bullets. The four patrolmen were struck by clubs, bricks and stones.

**HOW IT STARTED.**  
The trouble started when eleven special deputies met a crowd of several hundred strikers from the Standard Oil plant. The strikers refused to disperse and the deputies started to run and were pursued.

The ranks of the strikers augmented by a crowd of about 500 men and boys had gathered outside a fire engine house where the deputies had taken refuge. Inspector Cady at the head of a police squad hurried to the scene. The strikers refused to disperse and the police are said to have fired a volley over their heads. This had no effect and the volley was fired low. The crowd backed away leaving Stovancsek and three others who were struck by bullets.

While the rioting was at its height a fire broke out in the tide water works and a small pump house was damaged. Sheriff Kinkead arrived soon after the shooting. He pleaded with the strikers to disperse and offered his services toward reaching a settlement with the Standard Oil plant officials. His words calmed the crowd and it began to disperse. Later a meeting of strikers was held which was addressed by Sheriff Kinkead and George Vickers, Assistant Prosecuting Attorney of Hudson County. A committee of seven, including Sheriff Kinkead and Mr. Vickers, was appointed to confer with the Standard Oil officials. The committee was instructed to obtain from the officials, if possible, a promise to arbitrate on the question of 15 per cent. increase in wages for the laborers.

**REFUSE COMPANY'S TERMS.**  
The committee met General Manager Gifford and Superintendent Kennedy of the Standard Oil works and from them an ultimatum that the company would consider no proposition from the strikers unless the men returned to work Thursday morning.

The company's answer was referred to the meeting and the men decided not to return to work. The meeting ordered the committee to make an effort to confer with the company officials again tomorrow.

The deputies who had been besieged in the engine-house were arrested by Sheriff Kinkead on the ground that their presence was illegal and that they had played a large part in bringing about the riot.

Jeremiah Bailey, one of the strike leaders, said that there were 8000 men in strike, most of whom had quit work in sympathy with the laborers. After most of the strikers had dispersed following their meeting, four were discovered within the Standard Oil plant. Men in the works said they had broken out almost simultaneously and from no apparent cause. The oil-soaked wooden buildings and walls within the works burned freely. Two pump houses and several box cars loaded with wood were destroyed.

**AGITATORS TO BLAME.**  
The Standard Oil Company gave out the following statement from its New York office:

"From the facts known to the company, the present situation is due entirely to the action of a few professional agitators, who are endeavoring to cause trouble among the employees of the company. The company intends to do everything it can for the protection of its employees and its property. It has adopted the course provided by the laws of New Jersey; the proper public authorities of the county of Bayonne, the county of Hudson and the State of New Jersey have been duly notified; and the company has no objection to the conditions which will very soon improve."

**OBJECT TO Truth Being Told on Their  
Discharge Cards When They Leave  
Government Service.**

(BY A. P. NIGHT WIRE)  
WASHINGTON, July 21.—Secretary Daniels tonight discussed with Capt. Eberle, commandant of the Washington Navy Yards, a complaint made to President Wilson by machinists from the yard that officials were writing in red ink across the face of the discharge cards of men leaving to accept private employment, a statement to the effect that they were quitting their posts at a time when the government needed their services. Capt. Eberle explained that this had been done in one instance, but that when the machinist objected a new card was made out for him. Later Mr. Daniels said he regarded the incident as closed.

**Confident of Victory.**

(Continued from First Page.)

recting the offensive between the Vistula and the Bug, has reached the Russian lines and here the greatest of all the battles is being fought—for the possession of the Lublin-Chelm railway.

On the resistance the Russians are able to offer along this front, where the Austro-Germans are making their biggest effort, probably depends the success or failure of the Austro-German operations.

Apparently the Austro-Germans feel certain of the outcome, for it is said that Emperor William, who is at Posen, has sent for the Empress in order to make a state entry into the Polish capital when it falls.

Things are moving a little more quickly in Courland, where the German claim have met with successes all along the line, bringing them within striking distance of Riga and the roads which supply that town from the south.

There is another battle in progress along the borders of Bessarabia, but how this is going the official communications do not say. The French have made another bid for the valley of the Pech, in the Voges. They have delivered several attacks which have been partially successful and have captured the heights dominating that valley from the east. The same time French strikers dropped bombs on Colmar. Beyond this and a German attack in the Argonne, which the Germans claim have met with success, another German attack in the forest of Apremont, which the French assert was repulsed, only artillery engagements have occurred along the western front. The Italian offensive on the Isonzo continues and Rome reports further progress, particularly on the Carso plateau.

**VIENNA REPORT.**  
VIENNA, July 21 (via London, 11:40 p.m.).—The following official statement was issued tonight:

"The enemy has made a new stand south of the railway line running between Cholin, Lublin and Ivangorod. Despite stubborn resistance, the allied forces (Teutonic) succeeded in penetrating the enemy's lines at several points.

"Near Rozan our corps in communication with German battalions cut their way into the hostile lines. Between the Bystritsa and the Vistula Archduke Joseph Ferdinand's army encircled strong resistance.

"On both sides of the Borsachow our troops in bitter close fighting won positions which were stubbornly defended by Serbian regiments. From this army we yesterday took thirty officers and 6000 men prisoners and captured several machine guns. Between the Vistula and the Pilica the pursuit of the enemy continues. The German advance, to the northeast of Zwettl, broke through the advance position of the bridgehead of Ivangorod. For the adjoining position the fighting continues.

"Fighting again broke out in East Galicia, near Hokol. On the Dniester the situation is unchanged.

"Italian theater: In the Gorizia region the Italians yesterday continued their general attack on the border plateau of Dobrovo and the bridgehead at Gorizia. The battle raged all day. In the evening the enemy succeeded in taking Monte San Michele, east of Sirova. This morning Mal-Gem Boog reconquered this height with troops which had hitherto been in reserve.

"Southeast of Sirova our troops maintain their positions with great stubbornness. A flank attack from a height to the east of Sirova was repulsed. The Italian troops are suffering great losses. Since our troops have also firmly held the southwest edge of the plateau and have repulsed at the bridgehead at Gorizia all hostile attacks. TO MAKE HOUSE SPOOK-PROOF. REALITY MAN SAYS HE'LL STOP ALL THAT RAPPING IN A BUNGALOW.

Everybody except the real estate agent is giving No. 120 East Avenue 45 a wide berth these days. All of which goes to prove that you can't scare a dyed-in-the-wool Southern California realty man, although he may scare you.

The house is the small bungalow, the former occupants of which say it is haunted. Several persons have heard the rappings, and all, again excepting the realty man, attribute them to the returning spirits of the Mission Indians, who once upon a time sold realty in Los Angeles for beads and booze. And the connection is made by the startled residents because the property is owned by a Spiritualist of note.

E. W. Childs, agent for Dr. G. L. Hunt, the owner, spent half of one night at the house and a small part of another. He still declares there have been no rappings. But he admits that the boards creak when a train passes over a near-by bridge.

Other less hardy persons who heard the rappings once refuse point-blank to be drawn within a block of the house. Mr. and Mrs. Richmond, who live next door, sleep elsewhere. Other residents lock their doors and burn incense.

Mr. Childs capitulated yesterday. He stated that he will at once rebuild the house, and in so doing make it spook-proof and stop all that rapping. Just how he intends to do this is unknown—but leave it to a realty man.

USE MOVIES IN LIQUOR FIGHT. Antis Adopt Silent Drama to Make Votes. Company Formed to Produce and to Exhibit. Year's Screen Campaign to be Started Soon.

Relying on a "dry reel" to make votes against the saloon, the prohibition elements in California have financed and formed the California Progressive-Independent Picture Company, which will flash on screens in motion picture houses all over the State for a whole year the story of the effects of booze.

This announcement was made yesterday by the dry interests, as one of the unique features of the year's campaign that is to be started in October and wound up in November, 1916, when the people will vote on the question of making California dry or allowing it to be so-called as usual.

The picture company has been incorporated for making and exhibiting eight and ten-reel pictures dealing with the prohibition question. Four or more pictures are now in the making and will be shown in picture houses or independent of them in other public places.

TO LET PARKS SLIDE ALONG. BUDGET COMMITTEE KNOCKS OUT THIRD OF AMOUNT REQUESTED. MAKING CHURCH HISTORY HERE. Christian Convention to be Memorable Event.

Parks in Los Angeles will not receive careful attention, nor will the city have the benefit of the experience of all veteran employees who have been in the service for years. Big reductions in the cost of maintaining the parks were ordered by the Budget Committee last night.

No improvements can be made and no money will be allowed for outlay, according to the action of the Budget Committee. The parks will be impoverished as a result of the action, said the Park Commissioners who attended the meeting. The park department estimated that it will cost \$342,000 to run the parks for the coming year, and to make the necessary improvements.

The Budget Committee ordered a reduction of \$110,000, leaving a net amount of \$232,000. The cost of maintenance alone last year was \$202,000. It was discovered last night that the park department pays the public service department \$40,000 each year for water. An effort will be made to have this water bill remitted so that the money may be applied on the necessary improvements to the parks.

The Park Commission was represented by Commissioners O'Melveny and Keller. Secretary Norton and Supt. Shearer. The Budget Committee suggested that the park department estimates be overhauled and the commission be allowed to say where the reductions shall be made.

SKY-EYES FOR THE MILITARY. First Aeroplane Squadron Probability Here. Conference Arranged for an Organization. Army and National Guard are now "Blind."

Plans are being pushed to organize the first aeroplane squadron in America in Los Angeles.

Earle Remington, president of the Aeronautical Society of California, will leave tonight for Sacramento, where a conference has been arranged with the Governor and Adj.-Gen. Thomas to work out the details of the organization and the terms under which the necessary equipment may be acquired by the National Guard.

Neither the State nor the United States has the appropriations on hand to equip aeroplane squadrons—the importance of which as a defensive military measure is rivaled only by the submarines.

The war in Europe has shown that the aeroplanes are the eyes of the army. The American army at present is blind; it has no aeroplanes. There isn't a squadron in America that could take the field and stay there.

The situation has become so serious that both the Army and Navy Departments have issued appeals to the militia services over the country asking that they do what they can at once to establish an Aeronautical Reserve.

The picture company has been incorporated for making and exhibiting eight and ten-reel pictures dealing with the prohibition question. Four or more pictures are now in the making and will be shown in picture houses or independent of them in other public places.

The plan is national in its scope, although its foundation is laid in Southern California. Many thousands of dollars will be expended in its promotion.

The proposed pictures will not only have as a fundamental principle the evils of the liquor question, but will possess a dramatic value in the environment. The pictures will be of the standard, which will appeal to the general public from a purely artistic standpoint.

Churches will be used in the scheme to get the pictures before the people, and where motion-picture houses can be used, the films will be shown.

The gigantic plan for using the silent drama to make votes for prohibition in California is said to have the endorsement of the various dry elements.

and sympathetic understanding of why a corporation that did the same work in five years was permitted to exist.

In conclusion, he said, "You no doubt have heard of the man who followed his son to the woods when the boy had gone hunting. It was slowly snowing and after he had followed the boy's tracks for about a mile he discovered that a panther was upon the boy's trail. He started on a dead run with but a single bullet for his gun, an old muzzle-loader. Finally he came to a place where the boy had turned abruptly up a hill and the panther had gone straight on."

"Following the boy's trail excitedly over the top of a little hill, he saw that the boy had started back in an angular way towards home and he thanked God that he was now between the beast and the boy. Hiding behind a big stump, knowing that the panther would soon find the trail again, he laid his gun on top of the stump, cocked the hammer, placed his right forefinger on the trigger and nervously waited. In a few minutes he saw the beast coming over the hill. He waited until he was absolutely sure, and realizing that he was between the beast and the boy, and all depended on that one shot, he did the only safe thing to do. He shot to kill, and he succeeded."

"Hear me, people! Election is coming. Your ballot is your bullet. The beast is the saloon and is on your trail and only you stand between the beast and your boy. Take dead aim, with clear head, steady hand, and steady heart. And, folks, for the sake of the boy, for the sake of God and humanity, and for the sake of California, shoot to kill."

AFTERNOON SESSION.

The afternoon session was shortened to permit of the sightseeing trip arranged for the eastern delegates. The address, which dealt entirely with the "Men and Millions" movement, were given over largely to a discussion of the "Every member canvass," which has obtained so many adherents in the past few years.

S. J. Corey presided. Following devotional exercises conducted by J. H. Harrison and a prayer by Mrs. Frances Long of Ontario several short and pointed addresses were made.

The first speaker was G. W. Motley, who spoke on "Scriptural Giving." He said there were three methods of giving. The Jerusalem method of giving everything, because of the thought that the Messiah was coming soon. The Philippian method of giving occasionally when in the mood, and the method of Paul, which was to give on the first day of the week in proportion to the amount that is earned.

Ellis Purcell spoke on "Sound Business Methods" and advocated the every member canvass as being a businesslike method of securing the church budget.

R. P. Crossfield made "Preparing the Church for the Canvass" the subject of his address and was highly in favor of the system, when proper preparation was made and an earnestness pervaded the atmosphere of the canvass. He advocated four weeks of preparation and stated that the ministers should give the subject proper publicity from the pulpit for that length of time and that other church organizations should do likewise.

"Preparing the Budget" was the subject of the remarks made by John P. Sola of Peoria, Ill., who gave his experiences in conducting an every member canvass and gave many valuable hints as to the proper way to obtain best results from the use of the system.

C. R. Hudson in speaking of "Preparing the Canvassers" said: "These men must be picked men. Divide the church into districts, send the men out two by two and get the local expenses and the missionary budget at one and the same time."

Robert Simpson spoke on the proper method of "Making the Canvass." He advocated sending an inexperienced

man with an experienced one where it is necessary to use inexperienced men, and in general to make the canvass in a businesslike manner.

W. D. Ryan, Bert Wilson, H. O. Breeden, C. C. Garrigues and Rev. C. M. Chilton also spoke along the same lines and advocated the continuing of the every member canvass as a part of the business system of the churches.

Following a few remarks by the presiding officer, S. J. Corey, in which he dealt briefly with the proposition and the universal success with which it had been met and urging all to give the matter their earnest attention, the meeting was adjourned and announcement was made that automobiles would take the visitors on a tour of the neighboring country.

ONE HUNDRED MOTOR CARS.

There were approximately one hundred cars in the procession, including several large auto busses. The trip was for the benefit of the easterners alone and only enough local men to act as guides and announce the points of interest were carried. The trip included a visit to Pasadena, Eagle Rock, Hollywood and other points of interest.

J. H. Mohrter, secretary of the National Benevolent Association, delivered an illustrated address at the session last evening on the work of the association. Robert N. Simpson of Louisville spoke on "Ministerial Relief."

One of the many meetings held yesterday in connection with the convention was the Drake University reunion and banquet, held last evening at the Bible Institute. The interesting event was arranged by the Southern California Drake Club. One hundred and twenty-six guests were present. The toastmaster was Attorney Charles Crail. J. A. Gillaspie, representing the Southern California Drake Club, delivered the address of welcome. The other speakers included some of the prominent delegates to the convention.

[Washington Star:] "When did your boy Josh pass his examinations?" "I dunno exactly," replied Farmer Coots; "but I reckon it must have been when nobody was lookin' at apple pies."

He told of the campaign fight in Colorado and gave personal experiences with victims of the liquor traffic that brought tears to the eyes of the audience. He described wrecked homes and children born into the world under the influence of the liquor traffic. He quoted statistics from various sources showing the difference between the States and communities where liquor is sold and those where there is no liquor.

In speaking of the stand taken by many men who are in favor of regulating the traffic but against national prohibition, Rev. Scoville said, "You say you are in favor of regulation. I point to you the example of Christ, who came not to regulate the works of the devil but to destroy them. We must not mend, we must end. You say, when I vote for prohibition and against the saloon my vote is lost. I say, I would rather vote for what I want and not get it than to vote for what I do not want and live with these slimy, ill-livered lobsters who are the disgrace of the nation. Understand me, I am not against the saloon keeper, but the saloon. I am not against the bartender but the bar. I am not against the brewer but the brewery. God hates the sin but loves the sinner and man should do the same."

"Put the bee under a microscope and he is not a pretty insect. Put the bed bug under the same glass and he isn't bad looking. My only objection to the bed bug is the way he makes his living, and to the whisky man it is the same. (Laughter and applause.) Another thing, I would rather run a rabbit from here to election day and not catch him, than to run into a skunk at the ballot box as some people do."

LIVING ILLUSTRATION.

Rev. Mr. Scoville called a small boy from the audience and stood him upon a box on the platform and using him for an illustration painted in darkest colors what would be the fate of a man who would ruin the boy mentally, physically and morally, and in five minutes or five hours unit him for the business of life and condemn him to an asylum forever and then injured

compared with those of the past, and calling attention to the need of active support of the association in the future. In conclusion a plea for the support of the sick, the aged, the destitute and the orphans was made and the audience urged to keep these needy ones in mind, and when returning to their respective homes and churches remember the unselfish example of the Savior and be active in their respective localities in interesting others in the support of the association for the ensuing year.

L. G. Thompson, prominent in local church activities, who is chairman of the Nominating Committee, presented a report commending the efficiency of the officers serving the past year and presenting nominations for the year to come.

MINISTERIAL RELIEF.

W. R. Warren of Indianapolis, Ind., secretary of the Board of Ministerial Relief, presented his report for the year, and made an address in which he traced the work of the board from the time of its inception twenty years ago to the present. He told of the growth of the organization and the work undertaken and accomplished by the board. He ended his address with a stirring plea for continued support by the churches and church organizations, as the scope of the work would become greater and greater and embrace the foreign missionary field.

J. E. Cole of St. Louis, Rev. Mr. Taubman of Long Beach and J. R. Ewers of Pittsburgh made brief addresses confirming the statements of Mr. Warren, and adding their voices to the plea for support in the future and commendation for the faithfulness and interest displayed in the past.

Proceeding that portion of the morning session devoted to the work of the American Temperance Board music lovers were given a treat by Mrs. Ariene Dux Scoville, wife of Charles Reign Scoville, the noted temperance evangelist. The solo by Mrs. Scoville was beautifully rendered, her well-modulated voice completely filling the auditorium and charming the audience with its purity of tone.

clubed a visit to Pasadena, Eagle Rock, Hollywood and other points of interest.

J. H. Mohrter, secretary of the National Benevolent Association, delivered an illustrated address at the session last evening on the work of the association. Robert N. Simpson of Louisville spoke on "Ministerial Relief."

One of the many meetings held yesterday in connection with the convention was the Drake University reunion and banquet, held last evening at the Bible Institute. The interesting event was arranged by the Southern California Drake Club. One hundred and twenty-six guests were present. The toastmaster was Attorney Charles Crail. J. A. Gillaspie, representing the Southern California Drake Club, delivered the address of welcome. The other speakers included some of the prominent delegates to the convention.

[Washington Star:] "When did your boy Josh pass his examinations?" "I dunno exactly," replied Farmer Coots; "but I reckon it must have been when nobody was lookin' at apple pies."

LOS ANGELES 1,000,000 IN 1920 W.M. GARLAND

Culver City in 1920

Because:-

—the development of Culver City during the past twenty months indisputably indicates that its growth during the next five years is bound to be relatively as great as that of Los Angeles.

—Culver City is long past its formative period.

—Culver City has blossomed into a full-fledged suburban city of commercial, industrial and residential importance.

—Being a center of converging city-to-sea car lines and auto boulevards, and situated exactly midway between the two most rapidly growing communities in Southern California—Los Angeles and the Venice-Ocean Park beaches—traffic experts have always predicted that a business and residential center would eventually have been established at this point, even without concentrated exploitation.

—Pasadena, Long Beach, Venice or Glendale didn't look half as promising ten years ago, from the standpoint of becoming business centers, as Culver City does today.

—You will find some choice business and residence property left in Culver City today—at original prices. Go down and look the situation over. See what the past twenty months have brought to Culver City. Free excursions daily from our offices.

## MOVEMENTS IN SOCIETY.

**MRS. GRACIA MAGINNIS BOYNTON** stole a march on her legion of friends yesterday morning by becoming the bride of Charles Oscar Manspecker, the wedding service being read in her pretty Hollywood home at 11 o'clock in the presence of the immediate family.

There were no attendants, the event being marked by its dignified simplicity, and so well had the happy young couple guarded their interesting secret that this first news will be received as a genuine surprise.

The groom is lately from Battle Creek, Mich., but he is to become a permanent resident in Los Angeles, so that the attractive, sweet young woman he has won for his wife is not to be lost to the city's musical and social circles.

Coming from one of the oldest families, Mrs. Manspecker has lived the greater part of her life in Los Angeles, where her parents, the late A. P. Maginnis and Mrs. Maginnis, occupied a handsome residence on Bonnie Road, and second streets. Their daughter was given a broad education, being especially accomplished along musical lines.

They are to be at home to their friends upon their return from a honeymoon trip. Cards are now being mailed.

**The Lindbergs Back.**

Miss Dorothy Lindbergh, a charming young debutante, and her brother, Francis Haynes, are returning today from their 3500-mile trip to Northern Alaska, their father, Dr. Walter Lindbergh, having preceded them a few days as they desired to visit the exposition en route home.

**Informal Luncheon.**

Mrs. Harmon Ryus was hostess at an informal luncheon yesterday, with Mrs. Jotham Bixby, Jr., of Long Beach special guest of honor. Among other guests were Mrs. Margaret C. LaGrange and Mrs. William Tremaine Wyatt. Mrs. Ryus and daughter Celeste were week-end guests of the Bixbys during Capt. Ryus' absence in San Francisco.

**Visitor in the City.**

Dr. Florence Sherborn, recent appointee of the Federal Children's Bureau in Washington, is in the city, accompanied by her two winsome little daughters, and is being entertained by her sister, Miss Maud A. Brown of the Dresden, No. 1919 West Seventh street.

The Sherborns reside in Colfax, Iowa, where the doctor has been active in the "Better Babies" movement.

**Miss Vickers of Denver.**

Miss Edith Vickers is in the city from her Denver home, and is being entertained in the home of her aunt, Mrs. Charlotte Foxworth, No. 1460 North Marengo avenue, Pasadena.

**Wed in San Diego.**

The marriage of Miss Esther Fao Mellor, daughter of F. H. Mellor, a retired banker of Orange, and Claude Franklin Morey of Omaha, which took place in San Diego, July 14, comes as a surprise to their many Los Angeles friends. The bride is a graduate of the Orange school, and an accomplished musician, while the groom is associated in business with his father in Omaha. They are to reside in Orange.

**Complimenting Visitors.**

The J. Roy Pinkham's are giving a garden party complimenting Capt.

Lambert Jordan, U.S.A., and Mrs. Jordan, and Dr. and Mrs. Hill Hastings on Saturday night, having hidden guests to the Monrovia ranch for supper and a dance. A platform is to be erected on the lawn, and supper is to be served at long tables spread 'neath the trees.

**To Visit the Exposition.**

Mrs. William H. Kennedy is going to San Francisco tonight to join Mr. Kennedy, who is returning from a fortnight's trip to New York, and together they will visit the exposition for a week, stopping at the Palace.

**The Fitzgeralds Going North.**

Mr. and Mrs. James Tabor Fitzgerald, their lovely young daughter, Louise, and nephew, Maurice Draden, are to leave Saturday for San Francisco, where they have taken an apartment in the fashionable district for a month or six weeks, incidental to viewing the exposition. The party is also making a tour of the northern part of the State in leisurely style.

**Luncheon Hostess.**

At her home on Harvard boulevard Mrs. Guy Cusner is entertaining luncheon guests tomorrow.

**Mrs. Baldwin Hostess.**

Entertaining at the Orpheum last night was Mrs. Maud L. Baldwin, whose guests numbered Mr. and Mrs. James T. Fitzgerald, Mr. and Mrs. John Bannister and son, Stahl.

**Radford-Cramer.**

An interesting wedding took place on Tuesday, when Miss Emma Cramer was joined in matrimony to Mr. L. Radford. Rev. J. M. Schaefer performed the ceremony, and Mr. and Mrs. Frank Nell of Bakersfield attended the bridal couple. After spending several weeks at the seaside, Mr. and Mrs. Radford will reside in Fellows, Kern county.

**O'Neill-Nieto Nuptials.**

The marriage of Miss Grace Aileen O'Neill, daughter of Mr. and Mrs. A. S. O'Neill, No. 3223 Pasadena avenue, to John J. Nieto, was solemnized the 10th inst. The groom is a son of one of the old Spanish families, a relative of the Dominguez, and well known in public circles, having made the run for the State Legislature last session, while his accomplished wife is of the Ball family of Virginia. Her father is a well-known business man and real estate dealer of the city.

The marriage came as a surprise to the friends of the young people, though the wedding date was set for the near future. They are to be in the city in Highland Park after September 10.

**Iowa Statesman Here.**

Congressman W. R. Green, Mrs. Green and Miss Luella Green of Iowa are in the city, guests of the Emil Bilharz home, Fairfax and Sunset boulevards, Hollywood. Congressman Green represents Iowa's Ninth District in the Washington legislative body, and is one of the prominent men of his State. The Greens arrived Tuesday night.

Mr. and Mrs. Bilharz and their daughter, Miss Harriet, spent the last week in San Diego, having motored down for the exposition.

**Outing at Newport.**

The Severeance Club of this city enjoyed a pleasant week-end recently, when a large delegation of

them went to the Palisades Tavern at Balboa, at Newport Bay, included in the party were Senator and Mrs. John D. Works, Mrs. George D. Ruddy, Mrs. Emma L. Ruddy, Mrs. John A. Alex, Judge and Mrs. Lewis R. Works, Leo A. Barry, Mr. and Mrs. H. E. Thompson, Miss J. McCarrick and Mr. and Mrs. Tracy H. Becker. They made their headquarters at Palisades Tavern.

**Mrs. C. Q. Stanton to Have U.D.C.**

The Los Angeles chapter, Daughters of the Confederacy, is planning a southern afternoon at the home of Mrs. C. Q. Stanton, No. 448 Andrews boulevard, at 2:30 o'clock next Wednesday. There will be a varied and interesting program, with the motif of the old South will give a daughter of the old South will give a brief introduction, explaining the position of the old mammy in the hearts and homes of her "people"; Mrs. Emma Porter Makinson will sing a negro lullaby, and will give some banjo selections; there will be readings by Mrs. W. E. Keller and Mrs. Grantland S. Long; Mrs. Minna Hanna will sing "How Gently, Sweet Africa"; and a short play, "The Parlor of the 'Great House'." A. C. Desseford will be Uncle Remus, and Mrs. Harry Harniman will be the several other characters. The program is a most enjoyable one, and the city is cordially invited. The affair is being given in the interests of charity.

**Hard Times Birthday Party.**

The spacious ballroom of the Larchmont apartments was the scene of a "hard times" party in honor of her husband's birthday. When Mr. Colvin arrived home, he found a table laden with a sumptuous repast, and a large number of guests. The party was a most enjoyable one, and the city is cordially invited. The affair is being given in the interests of charity.

**Miss Fuller's Musical Comedy.**

When I was 16 (my gray hair is really from neuralgia and damp churches) an editor told me to go to a theater and make words about La Loie Fuller's dances. As it was the first time I had ever been to a theater, it was, logically, my first critical review. I have ever written.

**Miss Fuller's Musical Comedy.**

Miss Fuller was a slender wisp of a girl with wistful eyes, gloriously and supple form. She did not dance, but stirred within a circle of light and music, and her movements were like a butterfly with the folds of a flowing white gown, bathed in the colors of the prism.

She came to the Mason yesterday, this La Loie Fuller of the old days, changed in much, yet perhaps not so much in spirit. Her hair was still young, but it was a lustrous brown without a thread of white. She looked 35 to 42, plump, but not ungainly.

She did not really dance, and now I know that she never did. She stood with her arms outstretched, and her white garments into lily and rose and blue as of old. The lights fell about her with their same old color, and the result was the same bright figures to give wings to the imagination of an audience—but this was not dancing, it was not art.

It was an artistic conception executed with delightful mechanics, and there it stopped. It depended upon contrivances. It was a trick of light. It was manipulation, not creation. It was something that would have been a good idea, but it was not art.

Neither has Miss Fuller surrounded herself with her own art. Her own program, but that could not possibly make a programme of itself.

Among the visitors who have been "doing" California in the past fortnight are Hon. Wilbur H. Judkins, wife and daughter, of Lewiston, and his family spent some time in San Diego, having motored down for the exposition.

Miss Fuller is a woman of ideas and purpose. She has conceived the unusual and new idea of creating a new kind of dance, and she has carried it out with a fine feeling for the beauty and charm of the exposition.

They were greeted by many Maine friends during their sojourn in the State.

**Mayor is Guest of Eastern Star.**

MANY FLAGS, BEAUTIFUL GOWNS AND PROMINENT SOCIETY FOLKS AT RECEPTION.

With more than 500 flags decorating the reception hall, and the beautiful gowns worn by the women blending with the many colors, Masonic Temple assumed a tone of joy and gaiety last night, when the Palisades Chapter, Order of the Eastern Star, tendered a special reception to Mayor and Mrs. Sebastian. The entire chapter turned out en masse for the occasion, and guests numbered in the hundreds.

Mayor Sebastian was the first Patron of the local order, Mrs. Sebastian is a Past Matron. These facts, coupled with the wish of the order's members to honor the city's new executive, are responsible for the reception held last night. Mrs. L. W. Harmon, who was the first Matron of the local order, during the time Mayor Sebastian was Patron, presided last evening.

Past Matron, Mrs. G. E. Masters, and the Present Patron, R. D. Shields, stood beside Mayor and Mrs. Sebastian at the head of the receiving line. All past patrons and past wives of past patrons in number, assisted in welcoming the guest.

The blue room, where the reception was held, was decorated with more than 500 flags, loaned for the occasion by The Times. Two of the largest flags were draped over a secluded corner, in which the Siwash Strained Orchestra was hidden, and the soft strains appeared to be coming from nowhere in particular.

Mrs. L. A. Bowland was chairman of the General Committee for the evening. She was assisted by Mrs. Myra Hoffman, Mrs. Elizabeth Barnard, Mrs. Margaret Hudson, Mrs. Hilda Wolf, Mrs. Yvonne Cios, Mrs. Myra Ashby, Mrs. Ruby Selner and Mrs. Myra Heaton.

The great copper punch bowl, made especially for Troop D. N.G.C., a short time ago, was a vacant seat since the evening. This programme included a whistling solo by Mrs. R. O. Bourne, readings by Mrs. Vera Vay, Selma Paley, Walter Catlett, Mrs. Rose Soet, a vocal solo by Clyde McCoy and a short sketch by Madame Scoville, Prof. Henry Powers and twelve people.

**Indisputable Evidence.**

All the day before the Army of the Potomac flowed in a seemingly endless stream of blue along Pennsylvania avenue, led by the bearded, scholarly Meade. Today Sherman is parading his veterans of the combined armies of the Tennessee and the Cumberland, and the brilliant array of notable figures stand in the reviewing stand in front of the White House.

## LUDY LANGER BREAKS RECORD IN HALF MILE.

### LANGER LEADS FROM START.

Clips Nine and Four-fifths Seconds off Mark.

Sets Three New American Records.

Famous Swimmers Strive to Beat Him.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
SAN FRANCISCO, July 21.—Ludy Langer, wearing the colors of the Los Angeles Athletic Club, broke another American swimming record this afternoon when he covered the 330-yard course at the Exposition Yacht harbor in 12m., 34s., thereby breaking the national record of 12:11 2-5, established in 1909 by C. M. Daniels at Rochester, N. Y. He was 4-5 seconds faster than the former record.

SOME RECORD.  
Langer now carries the distinction of having established three American records within the space of five days. On Saturday evening at Suisun Baths, the Los Angeles crack established a new national mark in the 500-yard swim; on Monday afternoon at the Yacht Harbor Langer set a new outdoor record in the 440-yard race in the first event of the A.A.U. outdoor championships, while today's performance made in connection with the A.A.U. programme, provided a climax to his nautical achievements.

There were eight starters. The race was over a 110-yard course, requiring seven turns in the race, and was held off the Marina, in the Yacht Harbor.

NEVER HEADED.  
In today's race a blue ribbon field plunged from the bulkhead at the crack of the starter's gun. Practically the best of America's talent was represented. Langer started to make the pace for the field and once in the lead, never relinquished the margin which in the end meant victory. He maintained something in the neighborhood of a five-yard advantage all through the eight laps, slightly increasing this to finish in front of the field.

Wheatley of the New York Athletic Club.

NO CHANGES.  
None of the positions in the race varied from start to finish. Wheatley finished well in front of Bud Goodwin, his metropolitan team mate, but Laubie of St. Louis, and Goodwin, enjoyed a stout struggle for the third place. Goodwin proved the stronger in the final lap where Laubie challenged. After Laubie came Mike McDermott of Chicago. Norman Ross of the Multnomah Club of Portland, and Walter Spencer of Oakland. Only one man, Mosher of Santa Cruz, was forced to stop before the finish.

### ROMAN GAME OF QUOITS REVIVED.

(SPECIAL CORRESPONDENCE.)  
REDLANDS, July 21.—There has been a revival of the ancient Roman game of quoits here and a club has been organized. The members of the club range in age from 16 to 40 and some of the old pioneers can throw the heavy quoits as well as the youngsters. The grounds of the club are just back of the City Hall and there are places for six games at one time. Lockers have been provided and in these the quoits of uniform weight are kept.

Capt. J. E. Milligan is the champion thrower of the club to date. He has the record of thirty-one rings out of a five-game series and forty-eight in a ten-game series. The quoits are placed forty feet apart. The club has had matches with Riverside, Pomona and Long Beach clubs and plans are now being made to form a league.

A motorcycle club is being formed among the riding population of Joliet. The club will be affiliated with the F.A.M.

### WHITE HAS CLOSE SHAVE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
NEW YORK BUREAU OF THE TIMES, July 21.—Another Englishman showing all the hugging tactics of Freddie Welsh, bobbed up tonight as an opponent for Charlie White of Chicago. The party travels under the name of Ted Lewis, and he was good enough to give Slashing Charles an awful run for the popular verdict.

One punch, a terrific left, landed in the fourth round, just about saved White's bacon. It was the only hard clip landed and it sent the Englishman back on his heels and some more of Freddie Welsh's stuff permitted him to clinch and hold for a second or two until the bell ended the round. After this he showed a lot of good judgment by using a jumping jack left, which he shot into the Chicagoan's face.

It was a pretty tame fight, but Jimmy Johnston enlivened his show by introducing suffragette ushers and permitting Mrs. Francis H. Brewer of the Equal Suffrage Association to make a speech before the main "go." This was a riot.

### NEVILLE IN THIRD ROUND.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
CLEVELAND, July 21.—Jack Neville of the Claremont Country Club, California's sole survivor in the championship division of the western golf tournament, today worked his way into the third round by defeating Will Diddel of Indianapolis, recent winner of the Central Golf Association championship, 3 up and 2 to play.

It was one of the most peculiar matches of the day. Playing the first nine in sensational style, the Californian was 4 up. He covered the nine in 27-par figures for that section. Neville's game followed the same channel for six holes of the second nine and he was 7 up playing the seventh. Then he faltered and lost three successive holes.

Diddel pursued his rival with bulldog tenacity in the afternoon section of the match. At one time Neville was only 2 up, but succeeded in making his card read 4 at the turn. Diddel won the tenth, 3-5, Neville won the eleventh, 4-7, and Diddel won the twelfth, 3-4. The thirteenth was halved. Diddel won the fourteenth and was only two down. The fifteenth was halved in sixes, Neville won the sixteenth, 5-6, and the match was over.

### FRED THOMSON GETTING READY FOR DECATHLON.

FRED THOMSON is out on Baer Field every day getting up steam for the decathlon affair at the exposition. The all-around champion has been away from athletics for some time, and is decidedly out of form. And he realizes that there is work ahead if he expects to retain his title. Thomson put in the whole day yesterday going over the various events. He was giving special attention to the weights and the long-distance runs. The 1500-meter run comes nearest to being his Waterloo, and he is trying to get his time somewhere down under 5 minutes flat.

### PETER SCOTT WINS TROT IN CLEVELAND FEATURE.

(BY A. P. NIGHT WIRE.)  
CLEVELAND (O.) July 21.—The Ohio stake for 2:09 trotters which brought out the real trotting talent of the country for its first 1915 brush was the feature of today's grand circuit programme at North Randall. Peter Scott, Tommy Murphy's \$99,000 beauty, took the honors but was given a real battle by Peter McCormick. Following the third heat, protest was made to the judges that Dick McMahon, driving King Clansman, had aided Peter Scott to win by letting him out of a pocket and forcing Peter McCormick wide by so doing, but no action was taken. Every one of the twelve heats on today's card went in better time than 2:09 1/2. In the opening event Lou Jennings, fresh from a string of victories on the big half mile tracks, stepped the second heat in 2:06 1/2 to beat Guy Nella. Elmer Pointer, the favorite, was an easy winner in the 2:15 pace. In the 2:09 pace, however, the talent re-

### KELLY CHANGING FORM IN HIGH HURDLES.

KELLY is jumping over the hurdles in a new way. He starts out for the hurdles with a bang and, according to the clock, gets to the first stick a fifth of a second ahead of his former running time. This busy get-away is great stuff and should materially help his general average. The main difference in the style of hurdling is the way the gentleman goes over the sticks. He stretches out instead of chopping down and the change is wonderful. His increased strength makes this possible, and his physical condition will make him keep it up. Several of the people who have seen him work claim that he was never so good in his life. They are enthusiastic and there is a possibility that he will lower his own world record in the coming meet.

Stanford was beaten by Washington in 1914 and the order was reversed in the 1915 regatta. The two crews have not met in the north for five years.

**AUTO THIEVES STRIP CARS IN GUM-TREE GROVE.**  
SOUTHERN CALIFORNIA'S automobile "graveyard" has been found in a gum-tree grove on South Main street, near 105th. In this grove of trees, working in the dark of the moon and hiding by day, Zeke Jones, Eliza Hayes and Robert Noonan, all youths, have confessed to stripping automobiles of their parts which were to have been sold as junk.  
Officials of the Automobile Club of Southern California, which is operating a theft bureau to co-operate with the police in running to earth a gang of motorcycle thieves, declared that the mystery of months has at last been solved in the locating of this long-some "mechanical slaughter-house" by Detective Powell of the theft bureau and Ervin of Central Police Station.  
Today the three alleged bandits appear before Judge Reeves. Already they have confessed to one of the most remarkable crime campaigns ever carried on with profit in the southern part of the State. In their confession, according to Powell, they have admitted the theft of thousands of dollars' worth of motor cars.

ONTARIO, July 21.—Excite-

this morning when Assistant

Water Superintendent James

discovered that the Water De-

during the night and something

more than \$200 in cash and \$30

The supposition was that the

safe had been entered while the

Ontario City Band played at

City Hall Park last night, the

front door being open and many

going in and out, particularly as

the safe is in a dark and se-

## MOVE TO FORCE GAS RATE DOWN.

New Plan by Commissioners to Hasten Issue.

Rap also Taken at the Home Telephone Company.

Grand Council of the Royal Arcanum to See Beach.

(LOCAL CORRESPONDENCE.)

LONG BEACH, July 21.—City Com-

missioners, at their second regular

meeting today, sharpened their axes

for corporations doing business in

this city. They took steps for the

passage of an ordinance to reduce the

gas rate. The Home Telephone Com-

pany also came in for a slam.

The Commissioners instructed City

Gas Inspector Cline to furnish data

to City Attorney Hoodenpyl for the

purpose of getting up an ordinance

for the reduction of the price of gas

to a par with the Los Angeles rate.

It is asserted by the Commissioners

that Long Beach pays \$1 per 1000 feet

for gas of 600 B.T.U. heating capacity,

while Los Angeles people are lucky in

that they pay only 48 cents for gas

of 800 B.T.U. heat units. The company

is saying nothing just now, not even

that it costs more to manufacture and

deliver here than in Los Angeles.

Anticipating that the Long Beach

Consolidated Gas Company will hold

the new rate up by injunction or

other proceedings until the State Rail-

road Commission rules on the rate

to be charged here and in many other

Southern California cities, the Com-

missioners are forcing the issue by

attempting to pass an ordinance. It

is believed the Commissioners will

next try to reduce the price of elec-

tricity.

The Home Telephone Company,

which the former City Council sought

to oust from the city for alleged vio-

lation of its franchise in several

counts, was joined by the Commis-

sioners for charging 5 cents each for

local calls from the booth in the Salt

Lake station. The Commissioners

are now considering a resolution

and to charge the city with the cost

of the franchise. The company has

Judge York's fight lasted two

hours and when gaffed the fish

was almost dead. Fifty hun-

dred feet of line, reeled until the

muscles of his arms knotted

and the boatman had to rub and

massage the limbs to maintain

circulation.

The fish landed by Mr. Bos-

chen weighed 138 and 95

pounds and those taken by Mr.

Adams, 92 and 46 pounds.

Immediately report was

brought to Avalon that tuna

were in the channel, great ex-

citement followed and anglers

rushed to the location of school.

Mr. Boschen had been fishing

for tuna for sixty days, spend-

ing hours each day in search

of them. The school seen today

is said to consist of several thou-

sand tuna, many of them weigh-

ing several hundred pounds. The

fish landed today are the largest

VENTURA, July 21.—The Board

of Supervisors today adopted the re-

port of the County Good Roads Com-

mission and called an election upon

road bonds for August 24. The report

provides for 198 miles of main trunk

lines reaching practically every county

center, the mileage being about equally

divided between the east and west

sides of the Santa Clara River. The

call is for \$1,000,000 of bonds.

The roads planned comprise a most

comprehensive system that is to reach

the Los Angeles county line at Chats-

worth and Newhall, and with the

State road outlet to the south at Cala-

bassia, it will give the county three

main lines of concrete and as good as

FINIS FOR AUTO  
THIEVING GANG.STATE SCHOOL NOW RESIDENCE  
OF ITS MEMBERS.

In Their Confession, They Tell of Many "Fences" Who May Soon Be in Tolls of the Law—Fifty Stolen Automobiles May Be Traced to Them, Think the Police.

A career which furnished Robert Noonan, Zeke Jones, Elzie Hays and Fred Willerford with lavish pocket money has been closed by Judge Reeve of the Juvenile Court. It was a career of crime, as easy as falling off a log, and in which the persons automobiles furnished the money. In short, the lads were members of a Central-avenue gang which stole autos, stripped them and disposed of the goods to fences.

A list of these alleged fences was given by the boys to Judge Reeve yesterday and the names are in the hands of the police for action. After making a clean breast of their crimes, Noonan, Jones and Hays were sent to the State School at Lodi, their majority. Willerford was committed to Lodi on Tuesday.

The details of seven auto thefts were given by the culprits to the court yesterday. They included two Hupmobiles, two Fords and three Studebakers. The police and prison officers say a list of fifty stolen autos can be traced to the gang.

When Noonan was sentenced, Mrs. Noonan, his mother, collapsed and was carried into an anteroom. Both Mr. and Mrs. Noonan seemed dazed by the shock of the discovery that their boy was a thief. The parents of the other lads were likewise overcome. All of them were highly respectable, and they told the court it was a bolt out of the clear sky to learn of the career stalked out by their boys.

Noonan repulsed his mother's efforts to care him. When she put her arm around his neck, he threw it off. Later when both father and mother counseled him to make man of himself, his bravado wore off, and he became once more just a little boy.

Noonan said that the gang cleaned up \$500 in a little more than three weeks.

"We spent the money gambling and having a good time at the beaches," he said.

"The fences? We had no trouble finding 'em. They paid good prices—giving us three-fourths the price of a tire, and buying any or all parts of a machine. Why, one fence is riding around town in a machine we stole and sold him the just yesterday, when he told us the price was \$100. Our plan was simple: we stole the machines most commonly used. They all look alike."

BELCHERS PARTED.  
WIFE GRANTED DECREE.

James T. Belcher, familiarly known to his friends and in newspaper circles as "Jimmy" and "the actor," sought to Franklin K. Lane, Secretary of the Interior, as Mr. Belcher was in a singular mood, his wife testified in her divorce suit yesterday, when he threatened to shoot a Pasadena physician if his wife did not leave his employ.

Former Mayor Harper was one of the witnesses called by Mrs. Belcher. He testified that Mr. Belcher told him in 1913 that he had no intention of returning to his home. Mr. Harper gathered the impression that Mrs. Belcher was kind to everyone but her husband.

Mrs. Belcher testified that Mr. Belcher expressed dissatisfaction with his home life, but objected to nothing specific. A month after he left, she said she obtained a position in the Pasadena physician's office, and lost it on account of Mr. Belcher's alleged threat. The decree was granted on the ground of desertion.

HE TELLS ALL.  
BO LOSES HIS WIFE.

To keep quiet and lose his decree or to tell all and lose his wife was the problem which confronted John S. Eddy in Judge Wood's court yesterday. Mr. Eddy, 37 years old, was at one time a prominent attorney in New York and later in New Mexico. Mr. Eddy is 42.

When his wife leased a hotel at No. 417 East Fifth street two years ago a difference arose. He said she asked him to leave the house. Ultimately he became a domestic, and he got out when she threatened to leave if he did not.

The court wanted to know what the trouble was between them. Mr. Eddy declared there was none. The court thought they must have quarreled over something, but Mr. Eddy said no, only that Mrs. Eddy seemed to have lost her regard for him.

This testimony and the evidence of two witnesses was considered unsatisfactory by the court. He was on the point of denying the decree when Mr. Eddy asked to be recalled to the stand. Then the true story came out as he saw it:

"My wife accepted the attentions of a young man," he said. "She accompanied him to theaters and went out dining with him without my consent. That was the sole cause of our disagreement."

He was granted a decree. Mrs. Eddy simply stated that they could not agree.

CHINESE ADOPTED.  
INFANT IN GOOD HANDS.

Baby Louise Tai poked a fat finger into the cheek of little Mrs. Seen Chow in the Juvenile Court yesterday and smiled. She did not realize it, but what was about to take place was the most important epoch of her one year of life. In the brief span of one minute she was transformed from an abandoned infant into the heiress of Hok Chow, a prosperous Chinese merchant of this city.

Louise's father abandoned her mother. The latter gave the child to the Children's Home Finding Society and Louise was taken into the home of Hok Chow, who had no babies of his own. Little Mrs. Seen Chow grew fond of Louise, and one day she said to Hok Chow: "We will adopt baby." He said "All right," and thus it came about that they came into Judge Reeve's court yesterday accompanied by Attorney Edmonds.

"We will make a teacher of baby," said Mrs. Chow, who recognized her Louise Berdie Chow. She will be taught English as well as Chinese, and reigned a princess in the comfortable Chow home.

DECREE GIVEN.  
BROOM IS BLAMED.

Bernard Plummer told Judge Wood in his divorce suit yesterday that his wife chased him out of their home with a broom and that he slept in a shed.

Mrs. Plummer declared that her husband preferred the shed to the

POINT FOR HIM?  
IN LEGERTON CASE.

When the divorce suit of Mrs. Joyce E. Legerton against Curtis C. Legerton was called in Judge Wood's court yesterday Mr. Legerton raised a point which may win him the first round in the legal skirmish. Mrs. Legerton sued for non-support and non-protection. Mr. Legerton objected to any evidence on non-support on the ground that in his divorce action tried by Judge Monroe some months ago the court found there was no desertion by Mr. Legerton. Hence Mrs. Legerton was not entitled to support for her cross-complaint, alleges desertion and extreme cruelty.

Judge Wood will decide the point this morning when the action is resumed. He said he was inclined not to permit Mr. Legerton to introduce any evidence bearing on the allegation of non-support, inasmuch as Judge Monroe did not grant her separate maintenance allowance for her cross-complaint. Mr. Legerton, in a cross-complaint, alleges desertion and extreme cruelty.

COURT PARAGRAPHS.  
PROCEEDINGS IN BRIEF.

OLIVER ESTATE. Harriet N. Oliver, who died testate, bequeathed nine eastern friends \$500 each and six \$1000 each. The board of foreign missions of the Presbyterian Church of the U.S.A. was bequeathed \$500; the Woman's Home and Foreign Missionary Society of the Presbyterian of Los Angeles, \$100; and the Woman's Presbyterian Board of Missions of the Northwest Illinois, \$1000. Mrs. Belle R. Hurdin, Mrs. Sophie M. Reynolds, Mrs. G. A. Macomb and Miss Virginia Sayre of Los Angeles were given her jewelry, silverware, watches, trinkets, and wearing apparel. The residue of the \$35,000 estate was bequeathed to Huron College of South Dakota for the endowment of Mrs. Oliver's husband, James S. Oliver.

CITY WINS SUIT. Judge Crowe of Santa Barbara county, sitting in Extra Sessions One, gave judgment yesterday for the city of Los Angeles in the suit brought by A. B. Ferl claiming \$15,000 damages for improvement of Fourteenth street at Beacon. The city made a six-foot cut at this point and his property was damaged thereby. The city, represented by Deputy City Attorney Whitehead, contended that, instead of being damaged, Mr. Ferl's property was benefited, and the court took this view of it, awarding Mr. Ferl no damages.

MARRIED IN CHAMBERS. The presiding judge is always busy, but he is never too busy to make other people happy. So when Charles D. Rolett and Miss Vera L. Krow, friends of James Noel, secretary of the city, sought him yesterday he piloted them in to Judge Welborn, acting for Judge York. The knot was adroitly tied and the bride and groom were congratulated. Mr. Rolett met at a private dance and it was love at first sight.

INCORPORATIONS. Colyear Holding Company, incorporators Curtis C. Colyear, Florence E. Colyear and Hatley May Colyear, capital stock \$100,000, subscribed \$300.

## HELP! BUT NO FIRE.

English as Is Is Spoken by Englishman Causes Much Excitement in Hotel.

"Help! Help! Water!" yelled one of two young Englishmen who registered at the Rostyn from London two days ago.

A passing bellhop pulled down the fire hose in the hall while a maid started to phone downstairs for the fire-fighting crew.

"No, not a fire, really, not a fire," declared the one who had called. "What I wanted was ice water."

"Oh!" said the boy, disgustedly, as he told the maid to cut out her telephoning and proceeded to put the hose back.

The Englishman later explained that he had called one of the attendants, and had been told that attendants about a hotel and he called the help. He had failed to understand that the telephone was intended for any service and had stood in the hallway until one of the bellhops passed.

## More Special Policemen.

The Chief of Police asked the Police Commission yesterday to request the Council to amend the ordinance relative to the appointment of special police to serve without pay by raising the number authorized from 300 to 400. This request went to the Council with the endorsement of the commission. A letter from the Chief asking that arrangements be made whereby telephone calls from toll phones to the police and fire departments be without charge was also endorsed by the commission.

## Licenses in Jeopardy.

The Police Commission will hold a special meeting next Tuesday at 10 a.m. for hearing complaints seeking revocation of licenses. Among those who are cited to appear are: Dora Bangrebe, dancing academy, No. 1315 East Vernon avenue; E. Ota, second-hand dealer, No. 342 East First street; Meyer Heing, junk dealer, No. 503 East Second street; A. Caril, junk dealer, No. 305 Alameda street; and C. DeLeenw, second-hand dealer, No. 2403 South Vermont avenue.

## City Hall Notes.

Special Officer Tom O'Neill, who is acting as guard in the Mayor's office, earned his salary yesterday when a big individual who said he is a Russian asserted that he was going to collect money from Mayor Sebastian with which he would pay his fare home to join the army. The officer persuaded the man that he wanted to walk down stairs.

Charges against Mrs. Sophie Mayers, who operates a children's home at No. 1184 Bellevue avenue, were heard by the Health Commission yesterday and after a report from the visiting nurses of the department was substantiated, the permit of Mrs. Mayers was started. It was something that children had been punished with a strap for physical ailments.

Titbits written for the Independent bus owners and drivers were approved by the Police Commission yesterday after investigation covering the responsibility of the company and the form of the bonds of ferred.

[Philadelphian Press.] They say American shipping will be driven out of the Great Lakes by the operation of the LaFollette seaman's law. That eminent Wisconsin authority on all things must have felt the importance of making a complete job of it while he was about it.

## Permit Is Denied.

C. E. Reed, an undertaker who asked the Council to permit him to open a place of business at 4626 South Vermont avenue, outside the "undertaking zone" was started. It was something that children had been punished with a strap for physical ailments.

## Good Work Approved.

Mayor Sebastian complimented the work of the Annexation Commission in a letter to the City Council yesterday and reapportioned the members of the commission adding Curtis C. Colyear and R. D. Sepulveda. One of the new men succeeds George B. Harrison, resigned, and the other is an addition. Mayor Sebastian succeeded former Mayor Rose as chairman ex-officio. The commission as confirmed by the Council is made up as follows: Mayor Sebastian, M. Beckowski, George H. Dunlap, Miles S. Gregory, Ralph Criswell, Irving H. Hellman, Orrie E. Monnette, Leslie R. Hewitt, C. E. Colyear and R. D. Sepulveda.

## Harbor Is Growing.

The Harbor Commission yesterday called for bids for increased piling for an extension of Pier A, at Wilmington. Specifications will be prepared by the City Engineer to provide for an extension about 500 feet long.

President Woodman announced yesterday that he has completed investigations preliminary to issuing a permit to the Standard Oil Company to establish an oil-loading station at the government turning station in the inner harbor. The company plans to
